

Project 8036
Session DCC-59
#7
#14
220900 May 81

Map - long irregular body of water
dotted curved line
curving toward river

milns & r.

reminded of conduit "flow now"
by tube

in valley

high ground looking at low ground to N.

not many trees
some complex & L.

big trucks

6-8 guys

lithological body
trap of some kind

other equipment

something blew up

people didn't jump

OK, let's get him moving around

repetition of humps like arctic position

+14
xx

Lowed artie piece in revetment
pointing to NE

+20
OK, what other perceptions does he have?

Mine or cave

To east in ravine on 3 things
dig back into hill - could be artie

To west 30-40 people in formation
like training

lot of people w/ umbrellas

OK, ask him to give an appreciation for
the nature of this activity, then
move him ahead in time

29 May

E or NE bunch of tracked vehicle in a
protected valley

3-4 troops maintaining vehicles
Veh all oriented the same way

Veh w/ real tall antennae w/ guy wires

+34
Ask him on last time how he would
describe the urgency of the situation

+34 Joyed the last question, he just answered
it

+50 Approved For Release 2000/08/07 : CIA-RDP96-00788R000500170001-9
He got no further questions
